

Do you want to be a Certified FSMS Lead Auditor?

ISO 22000:2005

Food Safety Management System

IRCA Lead Auditor Training Course

May 24-28, 2010

Doha, Qatar

**QATAR QUALITY PLUS
& MOODY INTERNATIONAL**

*An intensive five-day course meeting the requirements of the
International Register of Certificated Auditors*

The aim of this course is to equip potential lead auditors with the knowledge and skills required to perform audits of Food Safety Management Systems (FSMS) through a training course recognized and approved by the International Register of Certificated Auditors.

By the end of this course, participants will be able to evaluate the effectiveness of an FSMS through interpretation of the current version of ISO 22000 in the context of the scope of an organization's management systems, the legislative framework, and significant aspects of the operational processes.

INTRODUCTION

Moody International Certification is a major UK based Certification, Inspection and Training Group whose operations currently extend to over 50 countries. The Group has been operating since 1911, and offers worldwide inspection, procurement, quality certification, expediting and technical secondment services.

Moody International currently offers the following product range. Product being defined as training course or seminar:-

- A. IRCA registered Auditor / Lead Auditor Training Course to ISO 9001.
* Quality system ISO 9001 workshops and seminars on a range of subjects are also available upon request.
- B. IRCA registered Internal Quality Auditor Training for ISO 9001
- C. Auditing skills to OHSAS 18001 suitable for external auditors – 5 Day Auditor/Lead Auditor Course and 3 Day Auditor Conversion Course. The courses are approved by IRCA, and as such will meet the training requirements of individuals seeking Auditor registration
- D. EMS Auditor / Lead Auditor Course for ISO 14001.
- E. ISMS – Information Security Management Systems 3 Day Conversion Course.
- F. 3 Day HACCP Food Safety Conversion Course and 5 Day HACCP Food Safety Auditor/Lead Auditor Course.
- G. Distance learning courses for those individuals interested in learning but preferring to study away from the work environment.
 - 1) "Understanding the ISO 9001 Requirements"
 - 2) "Understanding the ISO14001 Requirements"
 - 3) "Understanding the QS9001 Requirements"
- H. Quality tools and disciplines for use in management systems.

The training courses are presented by qualified professionals who have held management positions in a variety of businesses and who are experienced trainers, professional auditors, and consultants with an understanding of national and international management system specifications.

Moody International is well established in the world training market having recognized the need and the opportunities presented by the rapid changes taking place in Europe, Middle East, Far East, Africa, North and South America. The Company now has active contracts throughout these areas and also has plans for further expansion into other countries where the Group is already active.

Overseas training is offered by "local" trainers familiar with the local cultural needs of delegates, trained by the UK office and working to generic quality procedures. Courses are presented in English or, in many cases, the local language.
